HomeServices Relocation Now Offering iReports™ Console for All Clients

MINNEAPOLIS (August 2, 2016) - Recognizing today's fast paced environment requires ready access to data and analytics, HomeServices Relocation, a division of HomeServices of America, a Berkshire Hathaway affiliate, is announcing iReports™ Console, a dynamic and easy-to-use tool with dashboard and reporting features allowing real-time information and analysis, accessible 24/7 to you or any member of your team. The dashboard element incorporates the latest technology and provides a powerful business intelligence solution to aid day-to-day visibility of your mobility responsibilities. Coupled with smart drill through features, the iReports™ Console allows for intuitive, visual insights with the ability to instantly get to the details at the heart of the matter.

With iReports™ Console, all HomeServices Relocation clients will have access to:

- Mobility dashboard featuring visual insights into critical mobility metrics
- Drill through capability to transferee level detail
- Detail reporting direct from the HomeServices Relocation's global operations database
- Instantly add or delete columns from reports
- Modify dashboard or report filters on an adhoc basis
- Export data to MS Excel, MS Word, Adobe, HTML
- Send reports via email
- Schedule reports and deliver via email

A key benefit of iReports™ is that it is linked directly to HomeServices Relocation's operational database, eliminating the potential for delayed access and synchronization issues common with business intelligence products that run off separately maintained databases. With this real time access, you see what we see, as updates are made to transferee details.

“This is a time-saving tool for mobility professionals. It's easy to use and allows for quick access to transferee data. Whether you are doing policy analysis or just checking on program status, nothing beats the easy access, and combination of reports and graphical analytics.”, said Steven John, President & CEO, HomeServices Relocation.

For more information, contact John Mullarky at 952-928-5856 or Patty Wilkins at 910-595-3154.

To schedule a demo or inquire about services please contact Marian Padgett at 336-477-1088.
